Mary Smith, ThD graduated in 2005. Currently living in Austin Texas.

My Holos experience opened up a world of potential for me. My interests had shifted into areas of spiritual and energetic healing and I was seeking like-minded souls with which to share these profound interests. Holos provided expert, kind, and knowledgeable faculty and that special community I was seeking. My life changed in miraculous ways in this learning experience.

Currently I am working as a Registered Nurse and Spiritual Director at St. Francis Hospital in Austin. I have launched a program that uses visualization, and other energy modalities to prepare patients for surgery. The program is being adopted by Hospitals throughout the country, so I spend some of my time traveling, lecturing and setting up new programs. Thanks Holos!
