

On behalf of the ISSSEEM RESEARCH SYMPOSIUM Program Planning and Selection Committee, it gives me great pleasure to invite you to submit a research presentation for the online symposium Oct 6 -7 2018!

Please submit before June 15, 2018 by email to Melinda_Connor@mindspring.com. Include a 400 word abstract, name, email, phone number, list of authors in order, organizations of the authors and IRB number if a human or animal study. Please write the abstract in Purpose, Materials, Methods, Results, Discussion and Conclusion format. We are particularly interested in studies with p values.

We welcome new studies presented by original authors, including theory, basic science, clinical or case studies; also, device studies that are proof of concept, clinical, or single case studies that are in the overall area of energy medicine, energy healing, qigong, energy psychology, homeopathy, acupuncture, dousing, remote viewing and integrative medicine. You will be contacted by email by July 20 if your study is selected for presentation. All studies which are accepted will be eligible for consideration for publication in the Subtle Energies and Energy Medicine Journal; abstracts will be published in the conference proceedings.

We would particularly like to encourage students and developing research projects in this field so if you have a colleague, who has an interest in this area of research, please feel free to forward a copy of this email to them.

We look forward to seeing everyone at the online symposium Oct 6-7, 2018!
